In the application process, the main factor is the application form. However, the personality test will play its role as well in the selection of participants. Remember that there are no good or bad answers, just be as truthful to yourself as possible.

If you're selected, you will receive the **Hogwarts Letter** with every necessary practical information you need.

Please note that this is not a usual Youth Exchange, but a deep mental and emotional journey into yourself. We will be separated next to a small village and there will be no time provided to discover Budapest during the project. Also, we are determined to keep this an alcohol free project, so please plan accordingly.
