ABOUT THE ANALOG MANIA PROJECT

mania

analog

Analog mania is an international festival dedicated to analog arts, techniques and history. Founded by Emil Kindlein in 2013, it presents historic and classic processes of analog photography, cinefilm film screenings and analog sound experiences in top art galleries of Timișoara.

Analog mania is appreciated for the pristine selection of artwork from international and local artists and loved for the extraordinary personal, honest and intimate atmosphere it creates.

Together with partner events like Revela'T (Spain), Analogue Now (Germany), Vinyl & Music Festival (Austria), Analog mania is part of a widespread analog renaissance.
